More specifically, we discussed NATOA's ongoing efforts with the wireless industry to develop wireless facilities siting best practices, including Section 6409 implementation.

We also discussed the possibility of potential rulemakings arising out of this proceeding and requested that local government input be sought before the release of any such new proceedings.

This letter is being filed electronically pursuant to Section 1.1206 of the Commission's Rules. Please contact the undersigned if you have any questions.

Sincerely,
